Pursuant to Circular No. 96/2020/TT-BTC dated 16 November 2020, of the Ministry of Finance regarding the guidance on disclosing information on the securities market.

Ha Tinh Mineral and Trading Corporation – Joint Stock Company (the Corporation) with securities code (MTA) would like to explain the business results in Quarter 2/2025, have changed by more than 10% year-over-year. Specifically, as follows:

+ For the Parent Company: In Quarter 2/2025, profit increased by 63.0% year-over-year (from VND 3.4 billion in Quarter 2/2024 to VND 5.22 billion in Quarter 2/2025) due to the following factors: The selling prices of livestock products (pork) in Quarter 2/2025 remained at high levels, similar to those in Quarter 1/2025, subsidiaries operating in the livestock sector were profitable, which allowed the parent company to reverse part of the financial investment provision that had been previously recognized. As a result, the parent company's profit rose by over 10% year-over-year.

+ For the Consolidated Financial Statements: Profit after tax declined by 5% year-over-year (decreasing from VND 24.9 billion in Quarter 2/2024 to VND 23.6 billion in Quarter 2/2025) due to the following factors:

- In Quarter 2/2025, the port operations sector faced greater challenges compared to Quarter 2/2024, resulting in a profit of Lao-Viet International Port Joint Stock Company decrease of more than VND 3 billion year-over-year. Meanwhile, the parent company's profit after tax increased by VND 1.82 billion as previously mentioned. These combined effects led to a 5% reduction in consolidated profit after tax year-over-year comparison.

This is the explanation from the Corporation, respectfully submitted to the State Securities Commission and the Hanoi Stock Exchange for consideration.
